Fonts, Music & SFX

Font

Inter (free, Google Fonts) — used for the labels and notes in the demo comps.
https://fonts.google.com/specimen/Inter
The speed ramps themselves use no text, so they work without the font.
VideoHive preview video titles: Newsreader (free, Google Fonts), not needed for the project.
https://fonts.google.com/specimen/Newsreader

Music (preview only, not included)

“Motivational Sport Rock Trailer” by Seven-In-Music (AudioJungle) — VideoHive preview video only.
https://audiojungle.net/item/motivational-sport-rock-trailer/22658927

Sound effects (included)

Original sound design made for this project: folder Audio.
Audio › Sound Effects — 24 ramp sounds (12 speed + 12 light, whoosh + hit), the hit is exactly at 1.000 s.
Audio › SR Preview - Sound Design.wav — the sound design of the preview video, without music (57 s).

Demo footage (included)

After Effects › Footage › Demo Media — 2 original demo clips (1920×1080, 30 fps, 20 s) for the demo comps.

Video footage in the VideoHive preview (not included)

Stock clips from Pexels (free license), used only to show the speed ramps.
Drop the ramps on your own clips.
